## WORK EXPERIENCE

---

### Data Analytics — Bolt Food

**Bolt | Krakow | July 2027 - present**

- Analyze and maintain **Bolt Food merchant and product data** across countries where Bolt Food operates.
- Manage merchant onboarding, including **new store creation, product setup, pricing, stock, and promotional updates**.
- Monitor and update product and inventory information to ensure accurate and reliable data across the platform.
- Support data-driven operational processes by identifying and resolving **data inconsistencies and merchant information issues**.
- Work with large-scale datasets and multiple data sources to maintain accurate and up-to-date marketplace information.

### Senior Process Executive — Google Account

**Cognizant | Krakow, Poland | Mar 2022 – Jun 2026**

- Optimized data processes for lead generation, increasing qualified leads by **25%** and reducing processing time by **40%** through automation.
- Improved Web Streams plugin integration across hybrid and native components, increasing performance and functionality by **50%**.
- Developed funnel reporting using **GA4 and Universal Analytics**, improving user-journey analysis, data accuracy, and reporting.
- Automated product data extraction via **APIs and XML**, reducing manual Merchant Center data entry by **35%**.

## Data Analyst

Kapital Bank OJS | Baku, Azerbaijan | Nov 2020 – Apr 2021

- Improved data collection and cleansing processes, increasing data accuracy and efficiency by **25%**.
- Applied statistical analysis techniques to identify insights and improve analytical accuracy by **30%**.
- Developed data visualizations that improved understanding of key business metrics by **40%**.
- Enhanced monitoring and reporting processes, increasing reporting quality and frequency by **15%**.

## CTF Security Specialist

Synoverge Technologies | Ahmedabad, India | May 2017 – Oct 2018

- Participated in CTF competitions, demonstrating practical expertise in cybersecurity and vulnerability assessment.
- Supervised security specialists in identifying and analyzing system vulnerabilities.
- Collaborated with US-based clients on security projects, contributing to a **40% increase in business partnerships and client satisfaction**.
